

Letter of Support - Surroundings - Manon McCoy

11 July 2023

Dear Sir / Madam

RE: Support for Manon McCoy

I am writing on behalf of Theatre Delicatessen to confirm our support for Manon McCoy, and the development and future life of her production Surroundings. Manon has just been awarded our Classic Residency for 2023/24, and we are extremely excited by her work and her future as a performance artist.

We are also looking forward to the potential of Surroundings to develop new community audiences across the North. We hope that the practices developed during the Surroundings R&D process will have a long lasting impact on the entire company, and look forward to supporting this work in the longer term.

We hope to see Surroundings performed in a range of venues in the future, and we see this R&D process as a crucial stepping stone in that journey.

If you require any more information please do not hesitate to contact me,

Yours faithfully,

Miranda Debenham (she/her)
